Description

DC-122Q Bar/Undercounter Fridge

This solid, compact bar fridge is one of our smallest and unique units with a cool interior storage space.

Coming to us from Thermaster, this fridge is ideal for bars, cafes, restaurants and clubs for quick reach and stock navigation. The DC-122Q is encased within a smaller frame set at a 123 litre capacity, meaning that it's easily able to fit neatly within any area, which permits more space to move and operate behind the bar or counter.

This unit also works superbly when placed near the front counter or underneath a workbench.

This Thermaster bar fridge is constructed from heavy duty materials for long-term use with accompanied interior lighting and a reversible modern look door.

Refrigerated 2 to 8°C

Capacity 123 Litre

Stainless steel look door

Ambient 38°C & 75% Rh
