Bromic's IARP VISION180 ECO 1913L LED Open Display Supermarket Fridge

Bromics IARP Open Display range offers powerful performance in a plug-in package, creating attractive open displays with exceptionally accurate temperature control.

The Vision180 ECO 1913L Open Display has been developed in conjunction with internationally-acclaimed manufacturer IARP to offer plugin solutions that simplify the installation of self-service refrigerated retail aisles.

Accurate temperature controls allow this unit to display delicate produce despite its open front while plug-in operation eliminates prior planning approval and expensive installation

The Vision range of open displays are a superior quality refrigeration unit, offering a great product display option for your store. The units come with LED lighting and an air curtain - improving the energy efficiency of the units.

Castors for easy positioning Removable trays for easy cleaning Temperature range of 0 to +10°C
