Description

Skope BME600N-A ActiveCore Flower & Chocolate Fridge

Skope BME600N-A ActiveCore Flower & Chocolate Fridge ensures products are displayed and stored at the optimum temperature, and can be easily adjusted between 1-15°C to suit whatever delicate products are being stored.

GENERAL SPECIFICATIONS:

- Upgraded with SKOPE's revolutionary Acticecore refrigeration system, designed for long-life reliability with easy efficient servicing when required
- Ideal for high humidity environments, updated premium energy efficient glass using a new low-emissivity, high performance coating technology.
- Suitable for displaying and storing flowers, chocolates and wine - with an upper control set point at +15°C
- Flower storage ranges from 1-8°C, with common types around 2°C and more exotics around 8°C.
- With flowers it also relies a lot on the humidity levels within the cabinets to keep flowers hydrated.
- SKOPE ActiveCore provides the necessary flexibility along with a high humidity environment.
- Chocolates: Cool & wrapped Chocolate storage is usually around 10-18°C, however this is very dependent on the type of chocolate.
- SKOPE ActiveCore's flexible temperature controller makes it easy to adjust the temperature depending on exactly what products you are storing.
- We recommend ideally wrapping chocolates to prevent discolouration when storing in refrigeration.
- Wine: Cool but not too cool Wine storage should be between 8-18°C, but this differs for Red and White wines. Red wine is normally kept at 14-16°C and White normally at 8-12°C.
- Patented easy to install shelf clip and numbered shelf support strip, reduces set up time and enables finer adjustments.
- Significantly reduced noise and improved quality, for a quieter operation.
- Modern frameless glass door design with aluminium trim.
- New slotted back panel design allows chilled airflow for maximum product cooling.
- Ergonomically designed, brushed stainless steel handles for easy access.
- Updated controller with manual light switch and pre-programmed feature.
- Available with optional illuminated sign panel.

WA, NT and **TAS** customers please review **IMPORTANT Product Surcharge** information in the Additional Information Tab above.

Additional Information

Country of Manufacture	China
External Colour	White
Brand	Skope
Model	BME600N-A
Warranty	5 Years on Parts and Labour on registration
Temperature Operating Range C	1°C to 4°C (adjustable up to 15°C)
Climate / Ambient Temperature Rating	Ambient Rating C = 40°C ambient.
GEMS Product Temperature Class	M1
GEMS energy consumption	2.21kWh/24h
GEMS annual running cost	\$242 p.a. (@ \$0.30/kWh)
GEMS & MEPS Approved	Yes
Temperature Display / Control	Controller: SCS Connect (SKOPE-connect compatible)
Refrigerant	R290 / 99g (natural refrigerant)
External Dimensions (mm)	740mm (W) x 795mm (D) x 2005mm (H)
