The Skipio SUR9-3D-3 Undercounter Fridge is an excellent solution for commercial kitchens that require efficient and reliable refrigeration. With a total capacity of 179 liters, this underbench fridge features three drawers, each with its own digital temperature control, ensuring precise temperature management for all your stored items. The fan cooling type and efficient compressor maintain a consistent temperature throughout the interior, even in hot ambient conditions of up to 40°C.

Description

The SUR9-3D-3's compact design makes it perfect for installation in tight spaces, while the innovative front-breathing feature makes it easy to install without the need for additional ventilation. The drawers are designed with magnetic door gaskets, and the ergonomic handles make them easy to open and close, providing quick and easy access to your items. With a stainless steel exterior and interior and high-density polyurethane insulation, this under counter fridge is built to last and is easy to maintain, making it an excellent choice for any business.
