The Skipio SUF15-3D-6 is an underbench drawer freezer that offers 395 liters of storage capacity. It is designed for commercial use in busy kitchens and food establishments. The freezer is made with a stainless steel exterior and interior, making it easy to clean and maintain. The three drawers and one self-closing solid door provide easy access to frozen products, and the adjustable heavy-duty shelves offer added convenience.

Description

The digital temperature control system ensures accurate temperature management, and the innovative front breathing feature helps to maintain the ideal temperature inside the freezer. The LED lamp provides ample lighting for the user to view products stored inside, while the magnetic door gaskets help to prevent any cold air loss, ensuring optimal energy efficiency. The SUF15-3D-6 also comes with a hot gas condensate system, efficient refrigeration system, high-density polyurethane insulation, and R-404a refrigerant, making it a reliable and long-lasting addition to any commercial kitchen.
