The Skipio SUF18-2D-6 Undercounter Drawer Freezer is a high-capacity freezer designed to provide efficient and reliable storage of frozen goods. With a total capacity of 520 litres and six drawers, it can accommodate a wide range of frozen products, making it an ideal choice for commercial kitchens and food service establishments. The freezer is designed to maintain an internal temperature of -18 to -22 degrees Celsius, ensuring that your products remain frozen and fresh for longer periods of time.

Description

The Skipio SUF18-2D-6 Undercounter 2 Drawer Freezer is equipped with a digital temperature control system, allowing you to easily adjust the temperature to meet the specific requirements of your products. The front-breathing feature ensures that the freezer can be easily installed in any space, without the need for additional clearance. The freezer also features a hot gas condensate system, which helps to prevent the build-up of frost and ice, ensuring that your products are always kept in optimal condition.
