Commercial Fridge and Freezer Sales Australia. All product images are provided for illustration purposes only. All specifications are subject to manufacturer changes without notice, so please check on the manufacturer's website for current product data.

- Group of two high-efficiency tubular burners (one group of two burners for halfmodule).
- Independent control for each group of burners through a safety valve with thermocouple.
- Burner ignition through electronic spark igniter.
- The burners heat the ceramic stones that are underneath a support grid so that they in turn heat the food on the grill.
- The models with stainless steel grills are manufactured using - Z - shaped AISI-304 stainless steel slats to make cleaning easier.
- The grills are reversible with two different finishes on each side:
 - Tilted and grooved with ridges for meat. Horizontal and flat for fish and vegetables.
 - These grills reach a very high temperature (400 °C), meaning that the surface of the product is quickly sealed and inside it remains much juicier.
- A grid with dimensions of 515 x 344 mm each half module.

2 Years Parts and Labour + 2 Years Parts only Warranty with Product Registration

Additional Information

Brand	Fagor
Model	B-G7101
Warranty	2 Years Parts and Labour + 2 Years Parts only Warranty with Product Registration
