Introducing the Turbo Air K-Series KR45-2G-N(HC) Double Glass Door Top Mount Upright Refrigerator, an excellent choice for your commercial refrigeration needs. With its top-mounted design and double glass doors, this refrigerator offers a visually appealing display of your products while providing easy access for your staff and customers. The digital temperature control system and high-tech monitor ensure precise temperature management, allowing you to set the inner temperatures between 1° and 8° to suit your specific requirements. The self-cleaning condenser feature eliminates the need for manual cleaning, saving you time and effort in maintenance. Powered by HC(R290) refrigerant and featuring a hot gas condensate system, this refrigerator is eco-friendly and energy-efficient. The ventilated cooling system and high-density, CFC-free polyurethane insulation ensures consistent and uniform cooling throughout the cabinet, preserving the freshness of your stored items.

Description

The Turbo Air K-Series KR45-2G-N(HC) Double Glass Door Top Mount Upright Refrigerator is a commercial refrigeration unit designed to provide efficient cooling and convenient access to stored items. It offers a range of features and functionalities to meet the needs of businesses in the food industry.

1/9/24

This refrigerator is equipped with a digital temperature control system, allowing you to easily set and monitor the internal temperature according to your specific requirements. The high-tech monitor provides real-time information about the operating status and temperature conditions for precise control and monitoring.

With its two glass doors and top-mounted configuration, this upright fridge offers visibility and easy access to the stored products, while optimizing space utilization. The self-cleaning condenser feature helps to prevent dust accumulation, ensuring optimal performance and reducing the need for maintenance.

The refrigerator utilizes the environmentally friendly HC(R290) refrigerant, which has a low impact on the environment. It also features a hot gas condensate system, which effectively prevents condensation and ensures efficient operation.

Turbo Air - Digital Temperature Control System
2 Glass doors Upright Fridge
Top mounted
High-Tech Monitor
Self Cleaning Condenser Applied
HC(R290) Refrigerant applied
Hot Gas Condensate System
Capacity- 1215L
Inner Temps 1 to 8
Ventilated Cooling
High-Density and CFC free Polyurethane Insulation
Adjustable, Heavy Duty, PE Coated Wire Shelves
Stainless steel exterior and Interior
Digital Controller and Display
Refrigerant R-290 Amps 2.5, Power-w 350
Dimensions 1260x850x1926mm Inc Castors
Weight 152kg
220V-240v/50Hz/1, 10amp Australian Plug
6 Adjustable shelves included

Additional Information

Country of Manufacture	Asia
External Colour	Stainless Steel
Brand	Turbo Air
Model	KR45-2G-N
Warranty	3 Years on Parts and Labour
Temperature Operating Range C	1°~8°
Temperature Display / Control	Digital control
Climate / Ambient Temperature Rating	35°
Refrigerant	R-290
External Dimensions (mm)	1260 mm (W) x 850 mm (D) x 1926 mm (H)
Capacity/Volume	1215
Other Details	Turbo Air Self Cleaning Condenser Upright Top Mount on castors
Power Usage	280W
Door Information	Door hinged = LH, RH
Packaged Dimensions (mm)	1306 mm (W) x 956mm (D) x 2015mm (H)
Interior Lighting	Yes
