The ventilated cooling system and high-density, CFC-free polyurethane insulation guarantee consistent temperatures and energy efficiency.

## Description

---

Introducing the Turbo Air K-Series KUF12-3D-6-N(HC) 6 Stainless Steel Drawer Under Counter Freezer, a reliable and efficient freezing solution for your commercial kitchen. This underbench freezer features six spacious drawers, providing ample storage space for your frozen ingredients and products. Designed with a stainless steel exterior and interior (SUS 439), this freezer is built to withstand the rigors of a busy kitchen environment. The high-density and CFC-free polyurethane insulation ensure excellent thermal efficiency, while the ventilated cooling system promotes even distribution of cold air throughout the unit.

The Turbo Air KUF12-3D-6-N(HC) is equipped with a digital temperature control system and a high-tech monitor, allowing you to easily adjust and monitor the freezer's temperature for optimal food preservation. The left-hand side compressor and front breathing system make installation hassle-free, as the unit can be conveniently placed under counters or in tight spaces.

Operating on a 220V-240V/50Hz/1 power supply with a 10amp plug, this freezer is designed for easy installation. It has a capacity to accommodate six full-size 100mm deep GN pans (6 X 1/1 GN pans), providing flexible storage options. Please note that GN pans are not included with the freezer.
