## Description

Introducing the Turbo Air K-Series KUF18-3-N(HC) Stainless Steel 3 Solid Door Under Counter Freezer, a reliable and efficient solution for your commercial kitchen's freezing needs. With its three solid doors, this underbench freezer provides ample storage space while maintaining easy access to your frozen goods.

Constructed with a stainless steel exterior and interior, this freezer unit is designed for durability and easy cleaning, ensuring a hygienic environment. The high-density and CFC-free polyurethane insulation ensures excellent temperature retention, while the ventilated cooling system evenly distributes cold air to keep your items frozen at their optimal conditions. The digital temperature control system and high-tech monitor enable precise temperature adjustments and monitoring for optimal food preservation. The left-hand side compressor and front breathing system facilitate easy installation, allowing you to conveniently place the unit under counters with minimal clearance required.

With a generous capacity of 538 liters, this freezer provides ample space to store a wide range of frozen ingredients and products. The adjustable, heavy-duty, PE-coated wire shelves offer flexibility in organizing your items. Three adjustable shelves are included with the unit.
