The inner temperature range of 1 to 8 degrees Celsius allows for optimal preservation of your products.

Description

Introducing the Turbo Air K-Series KUF9-3D-3-N(HC) Stainless Steel Three Drawer Under Counter Freezer, designed to provide efficient and convenient freezing solutions for your commercial kitchen. This under bench freezer features three spacious drawers, allowing you to organize and access your frozen goods with ease. Equipped with a digital temperature control system and a high-tech monitor, this freezer enables precise temperature regulation and monitoring, ensuring optimal storage conditions for your products. The left-hand side compressor and front breathing system make installation hassle-free, allowing for seamless integration into your kitchen layout.

The Turbo Air KUF9-3D-3-N(HC) utilizes HC refrigerant and a hot gas condensate system, promoting energy efficiency and environmental sustainability. With a capacity for three full-size 100mm deep GN pans (3 X 1/1 GN pans), you have ample space to store your frozen ingredients or pre-prepared dishes. The ventilated cooling system ensures even temperature distribution throughout the unit.

Constructed with high-density and CFC-free polyurethane insulation, this freezer offers excellent insulation properties to minimize energy consumption and maintain consistent freezing temperatures. The stainless steel exterior and interior (SUS 439) not only provide durability but also make cleaning and maintenance effortless.
