Description

The Turbo Air K-Series KUR18-2D-4-N(HC) Stainless Steel 1 Solid Door 4 Drawer Under Bench Refrigerator is a highly efficient and reliable refrigeration solution for commercial kitchens. It features a digital temperature control system, allowing precise regulation of the interior temperature. With one solid door and four drawers, this underbench fridge offers ample storage space for perishable items. The left-hand side compressor and front breathing system ensure efficient cooling and ventilation.

Equipped with a high-tech monitor, this refrigerator allows easy monitoring and adjustment of the inner temperature, ranging from 1 to 8 degrees Celsius. It utilizes a hot gas condensate system and HC refrigerant, making it environmentally friendly and energy-efficient. The stainless steel exterior and interior, made of SUS 439, ensure durability and easy cleaning.

Featuring a capacity of 180 liters and compatible with four full-size 150mm deep GN-pans (GN pans not included), this fridge provides convenient storage for various ingredients. The ventilated cooling system ensures even temperature distribution throughout the unit. With high-density and CFC-free polyurethane insulation, it maintains the desired temperature efficiently.

With its compact dimensions of 1800x700x855mm (including castors) and a weight of 107Kgs, this under bench refrigerator is space-saving and easy to maneuver. It operates on a power supply of 220V-240V/50Hz/1 with a 10amp plug, consuming only 280W. The package includes one adjustable shelf for flexible organization. Please note that this product does not come with LED lighting.
