The Turbo Air K-Series KUR24-4-N(HC) Stainless Steel 4 Solid Door Under Bench Refrigerator is a powerful and spacious refrigeration solution designed for commercial use. Equipped with a digital temperature control system and a left-hand side compressor, it ensures precise and efficient cooling. The front breathing system and hot gas condensate system enhance its performance and reliability. With four solid doors, this under-bench fridge offers a generous capacity of 705 liters, providing ample storage space for your needs. It features adjustable, heavy-duty, PE-coated wire shelves that allow for flexible organization. The refrigerator's stainless steel exterior and interior ensure durability and easy cleaning. It utilizes high-density and CFC-free polyurethane insulation for excellent temperature retention.

## Description

The Turbo Air K-Series KUR24-4-N(HC) Stainless Steel 4 Solid Door Under Bench Refrigerator is a spacious and efficient refrigeration solution designed for commercial kitchens. With four solid doors, this underbench fridge provides ample storage

Commercial Fridge and Freezer Sales Australia. All product images are provided for illustration purposes only. All specifications are subject to manufacturer changes without notice, so please check on the manufacturer's website for current product data.

space for perishable items, ensuring easy organization and accessibility. Equipped with a digital temperature control system, this refrigerator allows precise regulation of the interior temperature. The left-hand side compressor and front breathing system ensure efficient cooling and ventilation, maintaining optimal storage conditions. The high-tech monitor enables easy monitoring and adjustment of the inner temperature, which can be set between 1 to 8 degrees Celsius.

The Turbo Air K-Series KUR24-4-N(HC) utilizes HC refrigerant and a hot gas condensate system, making it an environmentally friendly and energy-efficient choice. With a generous capacity of 705 liters, it offers extensive storage for a variety of ingredients. The ventilated cooling system ensures even temperature distribution, while the high-density and CFC-free polyurethane insulation helps maintain the desired temperature effectively.

Featuring adjustable, heavy-duty, PE-coated wire shelves, this refrigerator allows flexible organization of your items. The stainless steel exterior and interior provide durability and ease of cleaning. With dimensions of 2400x700x855mm (including castors) and a weight of 145Kgs, it is a robust and sturdy unit designed for commercial use.

#### Turbo Air - Digital Temperature Control System

4 Solid doors Underbench Fridge

Left hand side Compressor

Front breathing system applied

High-Tech Monitor

HC Refrigerant applied

Hot Gas Condensate System

Capacity - 705 Litre

Inner Temps 1 to 8

Ventilated Cooling

High-Density and CFC free Polyurethane Insulation

Adjustable, Heavy Duty, PE Coated Wire Shelves

Stainless steel exterior and Interior

Refrigerant R-290 Amps 2.5, Power 420W

Dimensions 2400x700x855mm Inc Castors

Weight 145Kgs

220V-240v/50Hz/1, 10amp plug

4 Adjustable shelf included

## Additional Information

Country of Manufacture	Asia
External Colour	Stainless Steel
Brand	Turbo Air
Model	KUR24-4-N
Warranty	3 Years on Parts and Labour
Temperature Operating Range C	1°~8°
Temperature Display / Control	Digital control
Climate / Ambient Temperature Rating	35°
Refrigerant	R-290
External Dimensions (mm)	2400 mm (W) x 700 mm (D) x 855 mm (H)
Capacity/Volume	705
Other Details	Turbo Air Self Cleaning Condenser Upright Top Mount on castors
Power Usage	420W
Packaged Dimensions (mm)	2470 mm (W) x 760 mm (D) x 925 mm (H)
GEMS & MEPS Approved	Yes
