Description

Turbo Air K-Series KGR12-2S-N(600)(HC) Under Counter 2 Glass Door Fridge, a cutting-edge refrigeration solution designed to elevate your storage capabilities while ensuring precision temperature control. Engineered with Turbo Air's signature Digital Temperature Control System, this Fridge empowers you to effortlessly regulate the interior climate, guaranteeing optimal preservation conditions for your perishables.

Crafted for convenience and accessibility, the unit features two glass doors, granting a clear view of your stored items without compromising on insulation. The left-hand side compressor and front-breathing system maximize space utilization, making it ideal for tight kitchen layouts. The innovative Hot Gas Condensate System efficiently manages condensation, maintaining a dry and hygienic environment.

Inside the 234-liter capacity interior, temperatures ranging from 1 to 8 degrees Celsius are upheld through ventilated cooling, ensuring consistent chilling across the adjustable, heavy-duty, PE-coated wire shelves. The use of high-density, CFC-free polyurethane insulation underscores Turbo Air's commitment to sustainability and efficiency. Dressed in sleek stainless steel both inside and out, this Fridge effortlessly merges durability with aesthetics.
