Introducing the Turbo Air K-Series KGR9-1S-N(600)(HC) Under Counter Single Glass Door Fridge – a compact powerhouse of refrigeration innovation. Engineered with Turbo Air's state-of-the-art Digital Temperature Control System, this fridge ensures precise cooling, preserving the quality of your items. Its sleek glass door, complemented by a left-hand side compressor and front breathing system, ensures seamless operation in tight spaces. The integrated High-Tech Monitor offers continuous monitoring for peace of mind. Embracing sustainability, it features an HC Refrigerant and Hot Gas Condensate System. With a 149L capacity and adjustable heavy-duty wire shelves, it offers versatile storage options. The stainless steel interior and exterior, coupled with high-density CFC-free polyurethane insulation, guarantee durability and efficient cooling.

## Description

Elevate your commercial kitchen's storage capabilities with the Turbo Air K-Series KGR24-4-N(HC) 4 Glass Door Under Bench Fridge, a pinnacle of refrigeration technology and design. Crafted with Turbo Air's cutting-edge Digital Temperature Control System, this fridge offers precise temperature management, ensuring your culinary ingredients and supplies stay fresh and

flavorful. Boasting four glass doors, this under bench fridge provides an unobstructed view of your stored inventory while adding a touch of modern elegance to your kitchen decor. The left-hand side compressor and front-breathing system optimize space utilization and allow for seamless integration into your kitchen layout, enhancing both efficiency and aesthetics.

The innovative Hot Gas Condensate System maintains a dry interior environment, preventing moisture accumulation and preserving the quality of your stored items. With an impressive capacity of 705 liters, this fridge offers ample space to accommodate your diverse culinary needs. The inner temperature range of 1 to 8 degrees Celsius, coupled with ventilated cooling, guarantees uniform cooling throughout the unit. Turbo Air's commitment to sustainability and efficiency is evident through the use of high-density, CFC-free polyurethane insulation, which ensures energy efficiency and eco-friendliness. The stainless steel exterior and interior not only enhance durability but also provide a sleek and professional appearance that complements any kitchen setting.

Powered by the environmentally friendly HC Refrigerant and equipped with a high-tech monitor, this fridge offers advanced monitoring and control features for your peace of mind. With dimensions of 2400x700x855mm (including castors) and a weight of 195Kgs, this unit is designed to accommodate your commercial kitchen needs. It operates on a 220V-240V/50Hz/1 power supply with a 10amp plug, and it comes with four adjustable shelves, offering versatile storage configurations to suit your specific requirements.

- Turbo Air - Digital Temperature Control System
- 1 Glass door Underbench Fridge
- Left hand side Compressor
- Front breathing system applied
- High-Tech Monitor
- HC Refrigerant applied
- Hot Gas Condensate System
- Capacity - 198L
- Inner Temps 1 to 8
- Ventilated Cooling
- High-Density and CFC free Polyurethane Insulation
- Adjustable, Heavy Duty, PE Coated Wire Shelves
- Stainless steel exterior and Interior
- Refrigerant R-290 Amps 1.4, Power 280W
- Dimensions 1200x700x855mm Inc Castors
- Weight 80Kgs
- 220V-240v/50Hz/1, 10amp plug
- 1 Adjustable shelf included

## Additional Information
