## Description

---

Turbo Air K-Series KUF15-2S-N(600)(HC) Stainless Steel 2 Solid Door Under Counter Freezer, a sophisticated and efficient solution to elevate your kitchen's frozen storage capabilities. Designed with Turbo Air's advanced Digital Temperature Control System, this freezer offers precise temperature regulation, ensuring your frozen goods remain at their optimal state. With its robust stainless steel exterior and interior, this under counter freezer not only exudes durability but also adds a touch of modern elegance to your kitchen decor. The two solid doors provide easy access to your frozen inventory, while the left-hand side compressor and front-breathing system optimize space utilization and seamlessly integrate into your kitchen layout.

Equipped with a high-tech monitor and powered by the environmentally friendly HC Refrigerant, this freezer delivers cutting-edge monitoring and control features, ensuring efficient and reliable performance. The innovative Hot Gas Condensate System maintains a dry interior environment, preventing moisture buildup and ensuring the longevity of your frozen items. Boasting a generous capacity of 319 liters, the Turbo Air KUF15-2S-N(600)(HC) freezer offers ample storage space for your frozen products. The inner temperature range of -21 to -12 degrees Celsius, coupled with ventilated cooling, guarantees consistent and efficient freezing throughout the unit.

The freezer comes with adjustable, heavy-duty, PE coated wire shelves, allowing you to customize your storage configuration to suit your needs. The use of high-density, CFC-free polyurethane insulation underscores Turbo Air's commitment to energy efficiency and sustainability. Measuring 1500x600x855mm (including castors) and weighing 79Kgs, this unit is designed for easy placement and maneuverability. It operates on a 220V-240V/50Hz/1 power supply with a 10amp plug, ensuring hassle-free setup. Two adjustable shelves are included, enhancing the versatility of your frozen storage options.
