Fresh Refrigeration FRB-49FS Bottom Mount Upright Two Door 1236L Freezer, a high-capacity freezing solution that combines cutting-edge features with ample storage. This freezer is equipped with a digital temperature control and monitoring system, along with a hot gas condensate system and an automatic evaporation and defrost system. Its robust cabinet boasts a stainless steel finish on the top, front, sides, and door, while the back and bottom are crafted from galvanized steel for durability. The modern one-piece grill adds a sleek touch, and the interior features PE-coated sturdy wire shelves. Maintain optimal temperatures effortlessly, with the refrigerator compartment ranging from 32°C to 41°C (0°C to 5°C), and the freezer maintaining temperatures below -18°C. The user-friendly design includes auto-closing doors with a door pressure release device, sturdy easy-grip handles, and a magnetic door gasket for easy cleaning and replacement. The interior is illuminated by safety shielded LED lighting, and the freezer is easy to maneuver on 4" heavy-duty casters with brakes. For added convenience, the Fresh Refrigeration FRB-49FS offers a left-hinged model option and an environmentally friendly refrigerant variant. Upgrade your freezing experience with Fresh Refrigeration's innovative and reliable solutions.

Description

Fresh Refrigeration FRB-49FS Bottom Mount Upright Freezer,

a high-capacity cooling solution designed to meet your freezing needs with efficiency and style. Boasting a digital temperature control and monitoring system, a hot gas condensate mechanism, and an automatic evaporation and defrost system, this freezer ensures optimal performance. Its exterior showcases a sleek stainless steel finish on the top, front, sides, and door, while the back and bottom are crafted from durable galvanized steel. The modern one-piece grill and PE coated sturdy wire shelves add to its durability and functionality.

The FRB-49FS Bottom Mount Upright Freezer offers a spacious 1236L interior capacity, providing ample room for storing your frozen goods. With a temperature range below 0°C (-18°C), it maintains your products in optimal frozen condition. The user-friendly features include auto-closing doors with stoppers, easy-grip handles, and a magnetic door gasket that facilitates cleaning and replacement. Safety is prioritized with a door sensor featuring a magnetic switch and standard door locks. The interior is illuminated with safety shielded LED lighting, and the freezer is easy to maneuver thanks to the 4" heavy-duty casters with brakes.

For those seeking versatility, the FRB-49FS offers the option of a left-hinged model for door reversal, providing flexibility in installation. Additionally, it embraces an eco-friendly approach by offering a model with free HCFC & HFC refrigerant (R-290), contributing to environmental sustainability. With its robust construction, advanced features, and attention to user needs, the Fresh Refrigeration FRB-49FS Bottom Mount Upright Freezer stands as a reliable and efficient choice for your freezing requirements.

- FRB-49FS Upright Freezer - high-capacity cooling with sleek design.
- Digital control, hot gas condensate, auto evaporation & defrost.
- Stainless steel exterior, galvanized steel back & bottom, sturdy wire shelves.
- 1236L capacity, below 0°C (-18°C) freezing for product preservation.
- Auto-closing doors, easy-grip handles, magnetic door gasket.
- Door sensor, shielded LED lighting, heavy-duty casters with brakes.
- Left-hinged model option for door reversal.
- R-290 refrigerant model for environmental sustainability.
