The Fresh Refrigeration FTM-23RS High Top Mount Upright One Door 560L Fridge offers a cutting-edge cooling solution for your commercial needs. With its advanced features, this refrigerator ensures precise temperature control and monitoring through its digital system. The hot gas condensate system and automatic evaporation and defrost system guarantee optimal performance. Crafted for longevity, the stainless steel finish on the top, front, sides, and doors, along with a galvanized steel back and bottom, ensures durability. The one-piece grill adds a modern touch, while the PE-coated sturdy wire shelves offer ample storage space. This fridge maintains product temperatures between 32°C and 41°C (0°C and 5°C) in the refrigerator compartment, providing a versatile storage solution. The user-friendly design includes auto-closing doors with stoppers, easy-grip handles, and a magnetic door gasket for effortless cleaning and replacement. It also features a door sensor with a magnetic switch and door locks as standard for added convenience and security. Elevate your refrigeration experience with the FTM-23RS.

The Fresh Refrigeration FTM-23RS High Top Mount Upright One Door 560L Fridge

is a cutting-edge refrigeration system designed for commercial use. With its advanced features and user-friendly design, it's the ideal choice for businesses looking to keep their products fresh and well-preserved.

This fridge boasts a state-of-the-art SYSTEM that includes digital temperature control and monitoring, a hot gas condensate system for efficient cooling, and an automatic evaporation and defrost system to keep maintenance hassle-free. The result is precise temperature management and consistent performance, ensuring your products remain at their optimal freshness.

Crafted for durability, the cabinet finish of this fridge is not only stylish but also robust. The stainless steel finish on the top, front, sides, and doors ensures longevity and easy cleaning, while the galvanized steel finish on the back and bottom adds extra strength. The inclusion of PE coated sturdy wire shelves provides versatility for storage options. With a temperature range that accommodates both refrigeration and freezing needs, this fridge is a dependable solution for any business. The user-friendly features such as auto-closing doors, easy-grip handles, and magnetic door gaskets make it a breeze to use and maintain. Additionally, the door pressure release device and door sensor with magnetic switch and locks add an extra layer of convenience and security, making the Fresh Refrigeration FTM-23RS a top choice in the world of commercial refrigeration.

Key Features:

- Digital temperature control & monitoring for precise temperature management
- Hot gas condensate system for efficient cooling
- Automatic evaporation & defrost system for hassle-free maintenance
- Stainless steel finish on top, front, sides, and doors for durability and style
- Galvanized steel finish on the back and bottom for added strength
- PE coated sturdy wire shelves for versatile storage options
- Temperature range suitable for both refrigeration and freezing
- Auto-closing doors with easy-grip handles for user convenience
- Magnetic door gasket for easy cleaning and replacement
- Door sensor with magnetic switch and locks for added security.
