The Fresh Refrigeration FTM-49RS High Top Mount Upright Two Door 1236L Fridge is a top-notch refrigeration solution designed to meet the most demanding commercial needs. Its advanced system features include digital temperature control and monitoring, a hot gas condensate system for efficient cooling, and an automatic evaporation and defrost system for hassle-free maintenance. The strong and durable cabinet finish boasts stainless steel on the top, front, sides, and doors, ensuring longevity and a sleek modern appearance. The galvanized steel finish on the back and bottom adds extra resilience, while the one-piece grill and PE-coated sturdy wire shelves enhance usability. With a temperature range of 32°C to 41°C (0°C to 5°C), this refrigerator ensures optimal product storage conditions. Its user-friendly design includes auto-closing doors with stoppers, easy-grip handles for effortless access, and a magnetic door gasket for easy cleaning or replacement. Additionally, the inclusion of a door sensor with a magnetic switch and door locks makes it a reliable and secure choice for any commercial kitchen.

Description

The Fresh Refrigeration FTM-49RS High Top Mount Upright Two Door 1236L Fridge

is a remarkable addition to any commercial kitchen, offering state-of-the-art features and a robust design. This fridge boasts a digital temperature control and monitoring system, ensuring precise temperature management for your perishable goods. The hot gas condensate system and automatic evaporation and defrost system further enhance its efficiency, keeping your products in optimal condition.

Built to last, the cabinet of this fridge is constructed with a stainless steel finish on the top, front, sides, and doors, while the back and bottom are made from galvanized steel. The modern and durable one-piece grill adds to its aesthetic appeal, and the PE-coated sturdy wire shelves provide ample space for storage. With a temperature range of 32°C to 41°C (0°C to 5°C) in the refrigerator compartment, it caters to a variety of storage needs.

User-friendliness is a key feature of this fridge. Its auto-closing doors with stoppers ensure that you never have to worry about leaving them open accidentally. Sturdy and easy-grip handles, along with effortlessly opening doors, make accessing your products a breeze. The magnetic door gasket not only seals the doors effectively but also allows for easy removal for cleaning or replacement. Additionally, the inclusion of a door sensor with a magnetic switch and door locks ensures security and peace of mind in a busy kitchen environment.
