The Fresh Refrigeration FTM-49FS High Top Mount Upright Two Door 1236L Freezer is a cutting-edge freezer unit designed to meet the demands of commercial and industrial environments. With its advanced digital temperature control and monitoring system, this freezer ensures precise temperature management, keeping your products stored at a consistent sub-zero temperature of (-18°C). The Hot gas condensate system and automatic evaporation & defrost system make maintenance hassle-free while preserving the freshness of your goods. Its robust stainless steel finish on the top, front, sides, and doors, along with galvanized steel at the back and bottom, guarantees durability. The user-friendly features include auto-closing doors with pressure release devices, sturdy and ergonomic door handles, and a magnetic door gasket for easy cleaning or replacement. With the Fresh Refrigeration FTM-49FS, you can trust in a high-quality freezer that combines modern technology with durability and convenience.

The Fresh Refrigeration FTM-49FS High Top Mount Upright Two Door 1236L Freezer

is a versatile and efficient freezer unit designed to meet the demanding needs of commercial kitchens and food storage facilities. This freezer boasts a state-of-the-art digital temperature control and monitoring system, ensuring precise temperature management for your valuable inventory. With a freezer capacity that holds products below 0°F (-18°C), you can trust that your frozen goods will remain in optimal condition.

Built to last, this freezer features a robust stainless steel finish on the top, front, sides, and doors, providing both a modern aesthetic and exceptional durability. The galvanized steel finish on the back and bottom adds further protection against wear and tear. The one-piece grill design not only enhances the unit's durability but also contributes to its contemporary appearance. Inside, the PE-coated sturdy wire shelves offer ample storage space for your frozen items, keeping them organized and easily accessible.

The user-friendly design of the Fresh Refrigeration FTM-49FS freezer ensures effortless operation. Its auto-closing doors with stoppers prevent temperature fluctuations and energy waste, while the door pressure release device enhances safety. The sturdy and easy-grip handles make opening the doors a breeze, and the magnetic door gasket simplifies cleaning and replacement. Additionally, the inclusion of a door sensor with a magnetic switch and door locks as standard features adds an extra layer of security to your valuable frozen inventory. Whether you're running a busy restaurant, supermarket, or any food-related business, this freezer is a reliable and efficient solution for all your freezing needs.

Key Features:

- Digital temperature control & monitor for precise temperature management
- Hot gas condensate system ensures efficient cooling performance
- Automatic evaporation & defrost system for hassle-free maintenance
- Stainless steel finished top, front, sides, and doors for durability and aesthetics
- Galvanized steel finished back and bottom for added protection
- Modern and durable one-piece grill design enhances durability and appearance
- PE-coated sturdy wire shelves for organized storage
- Freezer holds product temperature below 0°F (-18°C) for optimal food preservation
- Auto-closing doors with stopper and door pressure release device for convenience and safety
- Magnetic door gasket for easy cleaning and replacement, plus door sensor with magnetic switch and door locks as standard features for added security.
