The Fresh Refrigeration FTM-72FS High Top Mount Upright Three Door 1912L Freezer is a pinnacle of modern refrigeration technology, designed to cater to the most demanding of commercial kitchen needs. Its advanced digital temperature control and monitoring system ensure precise temperature management, keeping your products safely frozen below 0°F (-18°C). The freezer boasts a robust and durable cabinet finish, featuring stainless steel on the top, front, sides, and doors, complemented by galvanized steel on the back and bottom, all secured by a modern and sturdy one-piece grill. Inside, PE coated wire shelves provide ample storage space, while the auto-closing doors, equipped with a pressure release device and easy-grip handles, ensure effortless access. Moreover, the magnetic door gasket not only offers an easy-to-remove feature for cleaning or replacement but also works in harmony with the door sensor and locks for added security. With its hot gas condensate system and automatic defrost, this freezer is a reliable companion for any commercial kitchen, offering both functionality and convenience in one impressive package.

Description

The Fresh Refrigeration FTM-72FS High Top Mount Upright Three Door Freezer

is a powerhouse of refrigeration technology designed to meet the demands of commercial kitchens and businesses. With a generous capacity of 1912 liters, this freezer ensures ample space for all your frozen storage needs. Equipped with a state-of-the-art digital temperature control and monitoring system, you have precise control over the freezer's environment, ensuring that your products remain perfectly frozen at a temperature below 0°F (-18°C). The inclusion of a hot gas condensate system and automatic evaporation and defrost system ensures efficient and hassle-free operation, reducing maintenance requirements.

Crafted for durability and longevity, the cabinet of this freezer features a stainless steel finish on the top, front, sides, and doors, making it not only resilient to wear and tear but also easy to clean and maintain. The galvanized steel finish on the back and bottom adds to its structural integrity. The modern one-piece grill design and PE-coated sturdy wire shelves enhance the overall appeal and functionality of the unit. Additionally, user convenience is a top priority with auto-closing doors, door pressure release device, sturdy easy-grip handles, and magnetic door gaskets that facilitate effortless door operation and maintenance. The inclusion of door sensors with magnetic switches and door locks ensures security and peace of mind, making this freezer a reliable and user-friendly choice for businesses in need of efficient frozen storage.

Key Features:

- Precise digital temperature control and monitoring
- Efficient hot gas condensate and automatic defrost systems
- Durable stainless steel and galvanized steel construction
- Modern one-piece grill design
- PE-coated sturdy wire shelves
- Maintains a freezer temperature below 0°F (-18°C)
- User-friendly features like auto-closing doors and magnetic door gaskets
- Sturdy easy-grip handles
- Enhanced security with door sensors and locks
