The Fresh Refrigeration KTM-25FS1 Top Mount Upright One Door 480L Freezer is the epitome of efficiency and durability in the world of refrigeration systems. With its advanced features and user-friendly design, this freezer is a perfect addition to any commercial kitchen or storage facility. The digital temperature control and monitoring system ensure precise temperature management, while the hot gas condensate system and automatic evaporation and defrost system keep maintenance hassle-free. Its robust stainless steel finish on the top, front, sides, and doors, along with galvanized steel on the back and bottom, guarantees long-lasting performance. The modern one-piece grill and PE-coated sturdy wire shelves add to its durability. The freezer maintains a temperature below 0°F -18°C to keep your products fresh, and the auto-closing doors, door pressure release device, and sturdy handles make access effortless. The magnetic door gasket simplifies cleaning and replacement, and the door sensor with magnetic switch and door locks ensures security, making it a reliable choice for any business.

Description

The Fresh Refrigeration KTM-25FS1 Top Mount Upright One Door 480L Freezer

is a high-performance refrigeration system designed to meet the demands of commercial and industrial settings. With a sleek and durable stainless steel finish on the top, front, sides, and doors, this freezer not only looks modern but is built to withstand the rigors of daily use. Its galvanized steel finish on the back and bottom adds an extra layer of durability, ensuring longevity in even the toughest environments. The one-piece grill design and PE-coated wire shelves contribute to its sturdiness, making it a reliable choice for businesses.

Equipped with a digital temperature control and monitor, this freezer allows precise temperature management, ensuring your products are stored at their optimal conditions. The hot gas condensate system and automatic evaporation and defrost system further enhance its efficiency and convenience. With a freezing capacity that maintains temperatures below 0°F -18°C, it provides ample storage for frozen goods. The user-friendly design includes auto-closing doors with stoppers, easy-grip handles, and a magnetic door gasket for effortless access and maintenance. Additionally, the door sensor with magnetic switch and door locks ensure security and peace of mind in busy settings. The Fresh Refrigeration KTM-25FS1 is a reliable and efficient choice for all your freezing needs.

Key Features:

- Digital temperature control & monitor for precise temperature management.
- Stainless steel finish for durability and a modern look.
- Freezer maintains temperatures below 0°F -18°C.
- Auto-closing doors with stoppers for convenience.
- Magnetic door gasket for easy cleaning or replacement.
- Hot gas condensate system for improved efficiency.
- Automatic evaporation & defrost system for hassle-free maintenance.
- Galvanized steel finished back and bottom for added durability.
- PE coated sturdy wire shelves for robust storage.
- Door sensor with magnetic switch and door locks for security.
