The Fresh Refrigeration KTM-25FS2 Top Mount Upright Two Door 480L Freezer is the epitome of convenience and reliability for commercial refrigeration needs. Equipped with a state-of-the-art digital temperature control and monitoring system, it ensures precise temperature management, maintaining a freezing environment below 0°F -18°C to preserve your products at their best. The freezer boasts a robust and enduring cabinet finish, featuring stainless steel on the top, front, sides, and doors, while the back and bottom are protected with galvanized steel. The one-piece grill design adds a modern touch, and the PE-coated sturdy wire shelves provide ample storage space. The user-friendly features include auto-closing doors with a door pressure release device, easy-grip handles, and a magnetic door gasket for effortless cleaning or replacement. Additionally, the inclusion of a door sensor with a magnetic switch and door locks ensures security and peace of mind, making this freezer an ideal choice for any professional kitchen or commercial setting.

Description

The Fresh Refrigeration KTM-25FS2 is a top-of-the-line upright freezer

designed to meet the demanding needs of commercial kitchens and food storage facilities. With a spacious 480-liter capacity, this two-door freezer offers ample storage space for your frozen goods. Its advanced digital temperature control and monitoring system ensure precise temperature management, keeping your products consistently frozen at or below 0°F -18°C. Built to withstand the rigors of a busy kitchen, the KTM-25FS2 features a robust and durable cabinet finish. The top, front, sides, and doors are constructed from stainless steel, while the back and bottom are made from galvanized steel. The one-piece grill is not only modern in design but also highly resilient. Inside, the freezer boasts PE-coated sturdy wire shelves, providing an organized and secure storage solution for your frozen items.

The user-friendly design of this freezer is evident in its auto-closing doors with stoppers, making it convenient for busy kitchen staff. Sturdy and easy-grip handles ensure effortless door operation, while the magnetic door gasket allows for easy cleaning or replacement. The inclusion of a door sensor with a magnetic switch and door locks enhances security and efficiency in your kitchen, making the Fresh Refrigeration KTM-25FS2 a reliable and versatile choice for freezing needs.

Key Features:

- Digital temperature control & monitoring for precision.
- Hot gas condensate system for efficient cooling.
- Automatic evaporation & defrost system for hassle-free maintenance.
- Stainless steel finish on top, front, sides, and doors for durability.
