Fresh Refrigeration FTTB-1800R Three Door 1800mm Wide Open Air Salad Table - the ultimate solution for keeping your salads fresh and your operation efficient. This state-of-the-art salad table boasts digital temperature control and monitoring, ensuring your salads stay crisp between 32°F~41°F (0°C~5°C). With an automatic evaporation and defrost system, hot gas condensate technology, and a 70-degree-open insulated stainless steel cover, it's designed for optimal product preservation. The user-friendly features include auto-closing doors, sturdy easy-grip handles, and a magnetic door gasket for easy maintenance. Crafted with a strong and durable stainless steel finish on the top, front, sides, and doors, backed by galvanized steel, this salad table is not only efficient but built to last. Plus, the locking dispenser bar ensures your products stay in place, preventing spills and waste. Upgrade your salad prep with Fresh Refrigeration's FTTB-1800R and experience a new level of freshness and convenience./p>

Description

Fresh Refrigeration FTTB-1800R Three Door 1800mm Wide Open Air Salad Table

the ultimate solution for keeping your salads and fresh produce at the perfect temperature. With its state-of-the-art features, this salad table ensures your ingredients stay crisp and flavorful. The digital temperature control and monitor make it easy to set and maintain the ideal temperature range of 32°F~41°F (0°C~5°C), while the hot gas condensate system and automatic evaporation and defrost system keep everything running smoothly.

Crafted for durability, the stainless steel finish on the top, front, sides, and doors is not only sleek but also resilient. The 70-degree-open insulated stainless steel covers protect your products when closed, and the locking dispenser bar prevents spills. Plus, the user-friendly design includes auto-closing doors with sturdy, easy-grip handles and a magnetic closure for effortless access. Elevate your salad storage with the Fresh Refrigeration FTTB-1800R – where freshness and convenience meet in one powerful package.

Key Features:

- Precise digital temperature control and monitoring
- Efficient hot gas condensate system
- Automatic evaporation and defrost system for convenience
- Insulated stainless steel covers open wide at 70 degrees, preventing heat transfer and safeguarding products when closed
- Dispenser bar with a locking mechanism secures the pan to prevent product spills
- Durable stainless steel finish on the top, front, sides, and doors
- Galvanized steel finish on the back and bottom for added durability
