Fresh Refrigeration FUF-28-D2 Rear Mount 700mm Wide Underbench 2 Drawer Freezer, a versatile and reliable solution for your commercial cooling needs. This 186L freezer is equipped with cutting-edge features, including a digital temperature control and monitor, a hot gas condensate system, and an automatic evaporation and defrost system, ensuring precise and efficient cooling performance. Its robust construction boasts a stainless steel finish on the top, front, sides, and doors, along with galvanized steel on the back and bottom, and sturdy PE-coated wire shelves. The unit maintains a consistent temperature range, with the refrigerator holding products between 32°F~41°F (0°C~5°C) and the freezer going below 0°F (-18°C). User convenience is paramount, thanks to auto-closing doors, ergonomic handles, a door pressure release device, and a magnetic door gasket that simplifies cleaning and replacement. Elevate your refrigeration game with the Fresh Refrigeration FUF-28-D2 – where efficiency meets durability and user-friendliness.

Fresh Refrigeration FUF-28-D2 Rear Mount 700mm Wide Underbench 2 Drawer Freezer

boasting an impressive 186L capacity that's perfect for both commercial and home use. This freezer comes equipped with an advanced digital temperature control and monitoring system, ensuring precise temperature management to keep your goods at their freshest. Say goodbye to frost buildup with its automatic evaporation and defrost system, while the hot gas condensate system ensures efficient cooling performance.

Crafted for durability, the cabinet features a sleek stainless steel finish on the top, front, sides, and doors, enhancing its longevity and aesthetics. The robust construction continues with galvanized steel on the back and bottom, offering resilience against wear and tear. Inside, PE coated sturdy wire shelves provide ample storage space for your frozen items. This underbench freezer maintains a refrigerator temperature range of 32°F~41°F (0°C~5°C) and a freezer temperature below 0°F (-18°C), making it versatile for various freezing needs. Its user-friendly design includes auto-closing doors with sturdy and easy-grip handles, ensuring effortless access. Plus, the door pressure release device and magnetic door gasket make cleaning and replacement a breeze. Invest in the Fresh Refrigeration FUF-28-D2 for reliable, efficient, and user-friendly frozen storage that suits your every need.

- Precise digital temperature control and monitoring
- Efficient hot gas condensate system
- Automated evaporation and defrost system
- Insulated stainless steel covers with a 70-degree opening angle, providing thermal protection
- Dispenser bar locking mechanism to prevent product spills
- Stainless steel finish on the top, front, sides, and doors
- Galvanized steel finish on the back and bottom for durability
