Fresh Refrigeration FT-1200R Two Door 1200mm Wide Underbench Fridge, a top-of-the-line refrigeration solution that combines cutting-edge technology with robust construction. This fridge boasts a digital temperature control and monitoring system, ensuring precise temperature management, while the hot gas condensate system and automatic evaporation and defrost system keep it operating efficiently. Its stainless steel finish on the top, front, sides, and doors not only adds a touch of modern elegance but also enhances durability. The inclusion of heavy-duty casters with brakes and PE coated sturdy wire shelves make this fridge both functional and convenient. With a temperature range of 32°F41°F (0°C5°C), it's ideal for preserving your products in optimal conditions. The Fresh Refrigeration FT-1200R is a reliable and stylish choice for any commercial kitchen or food establishment.

Description

Fresh Refrigeration FT-1200R Two Door 1200mm Wide Underbench Fridge, 293L

, a premium refrigeration solution designed to meet your cooling needs with precision and durability. This cutting-edge appliance boasts a sophisticated digital temperature control and monitoring system, ensuring that your stored items are maintained at the perfect temperature range of 32°F/41°F (0°C/5°C). With an automatic evaporation and defrost system, you can bid farewell to manual maintenance hassles.

Crafted for longevity, the FT-1200R features a robust stainless steel finish on its top, front, sides, and doors, while the galvanized steel finish on the back and bottom adds extra protection. Its modern one-piece grill not only enhances aesthetics but also contributes to its overall resilience. Inside, you'll find PE-coated sturdy wire shelves for convenient storage. Moving this fridge is a breeze thanks to the 4" heavy-duty casters with brakes, ensuring both mobility and stability. The Fresh Refrigeration FT-1200R is your reliable partner for all your refrigeration needs, combining functionality, durability, and style in one sleek package.
