Fresh Refrigeration FT-1200RF Dual Temperature Two Door Underbench Fridge and Freezer, a versatile and efficient solution for your cooling needs. This sleek appliance boasts a range of advanced features, including a digital temperature control and monitoring system, a hot gas condensate system, and an automatic evaporation and defrost system. Its robust stainless steel finish not only adds a modern touch but also ensures durability, covering the entire cabinet, including the top, front, sides, back, and doors. With precise temperature management, the refrigerator maintains a product temperature of 32°F/41°F (0°C/5°C), while the freezer goes below 0°F (-18°C). The user-friendly design includes auto-closing doors with sturdy, easy-grip handles, a door pressure release device, and a magnetic door gasket for effortless cleaning or replacement. Elevate your refrigeration experience with the Fresh Refrigeration FT-1200RF.

Description

Fresh Refrigeration FT-1200RF Dual Temperature Two Door Underbench Fridge and Freezer

, a versatile and reliable solution for all your cooling needs. This cutting-edge system boasts advanced features like digital temperature control and monitoring, ensuring precise temperature management for your products. With a hot gas condensate system and automatic evaporation and defrost system, maintenance is hassle-free, allowing you to focus on what matters most - your business.

Crafted for durability and style, the fully stainless steel finished cabinet, including top, front, sides, back, and doors, not only exudes a modern aesthetic but also stands up to the rigors of daily use. The user-friendly design extends to the doors, which are equipped with auto-closing mechanisms, sturdy and easy-grip handles, and a door pressure release device for added convenience. The magnetic door gasket further enhances accessibility, making cleaning and replacement a breeze. With a refrigerator compartment maintaining temperatures between 32°F/41°F (0°C/5°C) and a freezer compartment holding products below 0°F (-18°C), the Fresh Refrigeration FT-1200RF is the ultimate choice for efficient and effective cold storage.

- Precise digital temperature control and monitoring
- Efficient hot gas condensate system
- Automated evaporation and defrost system for convenience
- Robust cabinet with a sleek, all-stainless steel finish on top, front, sides, back, and doors
- Contemporary and long-lasting one-piece grill design
