Introducing the Nuline HRF400 2T Combination Glass & Solid Door Refrigerator / Freezer, a versatile and innovative cooling solution designed to meet your precise storage needs. This 135-Litre marvel boasts a sleek digital display for convenient temperature monitoring and control, complete with Hi/Lo alarms to ensure the safety of your perishables. Equipped with remote alarm contacts and door locks for added security, it features separate refrigeration systems for both the refrigerator and freezer compartments, ensuring optimal cooling performance. The inclusion of a data logger for the refrigerator unit guarantees temperature tracking accuracy, while its QCPP Approval signifies its commitment to quality and reliability. Ideal for a wide range of applications, the Nuline HRF400 2T is your trusted partner in preserving the freshness of your items.

Description

The Nuline HRF400 2T Combination Glass & Solid Door Refrigerator/Freezer

is a versatile and compact cooling solution with a total capacity of 135 Litres. This combination unit offers the convenience of both a refrigerator and a freezer in one, making it an ideal choice for environments where space is limited. Equipped with a range of advanced features, the HRF400 2T ensures precise temperature control and security. Its built-in data logger allows for accurate monitoring of temperature conditions, while the lockable doors provide added protection and control over access. The digital display keeps you informed about the internal conditions, and the high/low alarms help you maintain optimal storage temperatures. Additionally, this unit boasts separate refrigeration systems for each compartment, ensuring that the refrigerator and freezer operate independently, optimizing the storage of various items. It is also QCPP approved, demonstrating its reliability for pharmaceutical and healthcare storage needs.

Furthermore, the Nuline HRF400 2T Combination Refrigerator/Freezer goes beyond basic features with the inclusion of remote alarm contacts, which allow you to stay informed of any critical temperature fluctuations even when you're not on-site. Door locks provide an extra layer of security and control, ensuring that your valuable or sensitive items are kept safe. With a data logger provided specifically for the refrigerator section, this unit ensures that your temperature data is accurately recorded and accessible for quality control and compliance purposes. The Nuline HRF400 2T Combination Glass & Solid Door Refrigerator/Freezer is a reliable and efficient cooling solution for various applications, making it an excellent choice for those seeking a compact and feature-rich refrigeration and freezing option.

Key Features of the Nuline HRF400 2T Combination Glass & Solid Door Refrigerator/Freezer:

- HRF400 2T Combination Refrigerator / Freezer
- Digital display for easy monitoring
- Hi / Lo alarms for temperature management
- Remote alarm contacts for added security
- Door locks for access control
- Separate refrigeration systems for each unit
- Data logger provided for refrigerator
- QCPP Approved for quality assurance
