The Nuline NLMF700/1 Series Single Glass Laboratory Freezer, with a generous capacity of 700 litres, is a cutting-edge laboratory appliance designed to meet the demands of modern research facilities. This freezer features a user-friendly digital display and integrated alarms, ensuring precise temperature control and sample security. The automatic water disposal system simplifies maintenance, while including five PVC-coated shelves offers ample storage space for lab specimens. A durable stainless steel floor complements the sleek white Colourbond interior and exterior, while the glass door, with the option for solid doors, allows for easy visibility of contents. A convenient door lock and castors for mobility round out the impressive array of features, making this laboratory freezer an indispensable asset for scientific endeavours.

## Description

# The Nuline NLMF700/1 Series Single Glass Laboratory Freezer,

boasting a capacious 700-litre capacity, is a premier solution meticulously designed and manufactured in Australia. Tailored to meet the stringent requirements of laboratories, pharmacies, and hospitals, this freezer offers exceptional functionality and reliability. With five rows of spacious shelves behind each door, it provides ample storage space for your valuable inventory. The entire cabinet is elegantly finished in Colourbond, enhancing its durability and aesthetics. Its innovative fan-forced cooling system sets the NLMF700/1 Series Laboratory Freezer apart. This technology ensures a uniform and stable temperature distribution throughout the unit, safeguarding your stored items from harmful temperature fluctuations. Equipped with intuitive and easy-to-read digital controllers, managing and monitoring the freezer's performance is a breeze. Whether you're a research scientist, a pharmacist, or a healthcare professional, the Nuline NLMF700/1 Series Laboratory Freezer is the ideal choice for preserving your sensitive materials and ensuring their integrity.

Key Features of Nuline NLMF700/1 Series Single Glass Laboratory Freezer:

- Clear Digital Display and Convenient Alarms
- Effortless Automatic Water Drainage
- Five Shelves Coated with PVC for Durability
- A Clean, White Interior and Exterior Made from Colorbond Material
- Hygienic Stainless Steel Flooring Inside
- The Option to Choose Between a Glass Door or Solid Doors
- Secure Door Lock for Added Protection
- Easy Mobility with Castors for Smooth Movement
