SGND153S Self-Contained Hinged Doored Low-Height Open Display Cabinet, a part of Hussmann's convenience display cabinets with hinged doors. This self-contained semi-vertical glass door chiller is ideally suited for dairy products, drinks, deli items, and various medium-temperature applications, offering optional swing or hinged door configurations. It features easy plug-and-play installation and a digital controller with temperature display for user convenience. The ergonomic design ensures effortless product access, while optimized LED lighting enhances visual appeal for an attractive display.

Description

Introducing the SGND153S Self-Contained Hinged Doored

Low-Height Open Display Cabinet

, a Hussmann self-contained semi-vertical glass door chiller ideally suited for dairy products, drinks, deli items, and other medium-temperature applications. This unit offers optional swing or hinged door configurations to suit your specific needs. Experience seamless installation with easy plug-and-play functionality and precise temperature control through the digital controller with temperature display. The SGND153S features an ergonomic design for effortless product access, while alternative shelving layouts optimize merchandising possibilities. LED lighting enhances product visibility, attracting customers with greater visual appeal.

With its compact size and low 1400mm height, the cabinet is easily maneuverable within your store, allowing for strategic placement to maximize sales opportunities. Backed by over 50 years of commercial supply experience, you can trust the smooth and high-quality performance of this Panasonic product. Elevate your beverage merchandising with the Hussmann SGN141S, designed to enhance visibility, convenience, and sales in your retail environment.
