Liebherr Barrique WKb 4611

Designed to replicate similar storage conditions to a wine cellar wine fridges houses your favourite bottles in an optimized environment. Liebherr wine fridges control both the humidity and the temperature so you can enjoy wine as the winemakers intended. Properly stored, wine continues to develop its natural flavour in the bottle and consistent storage conditions are prerequisite for long-term wine storage. A constant, electronically controlled temperature throughout the interior with a temperature range from 5°C to 20°C and double tinted glazed doors means our wine storage cabinets are ideal for long-term storage and wine ageing or storing at the perfect serving temperature. Handcrafted beech wood shelves can be used to organize and manage your collection the pull out shelves make it easy to store and remove your bottles
